

HISTORY OF THE HOSPITAL

- The development of the “Old Site”
- Moral Treatment Era in Psychiatry
- WSH population “BOOM”
- OT and TR’s Beginnings
- Development of the “New Site”
- De-institutionalization and medications
- The New – New Site

Mission Statements

WSH and PSR

Our mission is to provide safe and effective individualized treatment in a recovery oriented environment.

To assist people with long-term psychiatric disabilities by increasing their functioning so that they are successful and satisfied in the environments of their choice with the least amount of ongoing professional intervention.

Misconceptions
